

- On site photography.

- Photoshop [cialisfrance24.com](http://cialisfrance24.com) editing of all photos
- Photos of your care home, gardens, staff.
- Photos useable for future advertising.
- Having photos of your care home allows potential service users to feel more comfortable about the idea of visiting. It can brake down the fear of the unknown that can affect customer purchasing behaviour.
- Seeing a smiling staff member can make the difference.
